Manor School Painting Project 1819-01 (Addenda 2)

Manor School Painting Project 1819-01 (Addenda 2)

Lead report on old paint.

There were 11 samples taken to detect Lead in old paint on April 27, 2018.

Please take note that lead was detected. See attached documents and map of the areas tested..

“All abatement, scraping, removal etc. of these areas must be accomplished by a certified Lead Abatement Contractor”

Please see attached report from Asbestos Science

Thank you

.
