

Ross Valley School District Unaudited Actuals Financial Report 2012-13

Staff has completed closing the districts books for the 2012-13 fiscal year. The General Fund ending balance has increased above projected amounts, while other funds have increased as well.

General Fund

The General Fund ending balance has increased \$950,528 over projected amounts, from \$3,611,418 to \$4,561,946. Of this amount, \$336,605 is from restricted resources and \$613,923 from unrestricted resources. The details of the changes are identified on the attached schedules. These amounts will be carried over to the 2013-14 budget and allocated as per direction of the Board of Trustees.

The ending fund balance has been allocated as per the attached SACS form.

Other Funds

Cafeteria Fund expenditures were about \$18,000 less than budgeted, resulting in a reduced contribution from the General Fund. The Cafeteria fund ending balance is virtually the same as compared to budgeted amounts.

The Building Fund 21 reflects construction activity for the White Hill Middle School project, while design of the elementary school projects was halted pending funding issues. The ending fund balance of Fund 21 is greater than budgeted. While it may appear this indicates more funds are available than projected, in fact it simply reflects the timing of actual transactions have been different than what was anticipated in the budget.

The Capital Facilities (Developer Fee) Fund ending balance increased by \$68,374 over budgeted amounts, which is attributable to fee collections exceeding budgeted amounts. These budgets were reduced as collections dropped significantly in the first six months of the fiscal year. After investigation, it was determined many of these fees were not being collected by outside agencies. Once this was corrected, fee collections resumed.

The Bond Interest and Redemption Fund balance, where proceeds of the districts facility bond taxes are deposited, increased \$1.8 million. This increase is the result of the deposit of debt service funds generated by the August 2012 bond sale. These dollars will be utilized to fund a portion of future bond payments relative to that sale.

Report - Filing Deadline

By statute the Unaudited Actuals financial report is due to the Marin County Office of Education by September 16, 2013. Staff requested an extension of the submission date to September 18, 2013 to allow time to present the report to the District's Board of Trustees on September 17, 2013. County office staff acknowledged the request.

Next Steps

Once approved by the school board, the SACS Unaudited Actuals financial report will be submitted to the Marin County Office of Education for their review and approval. The report will also be presented to the districts external auditors, Stephen Roatch Accountancy Corporation; it will serve as the basis for their financial audit for the 2012-13 fiscal year.

Where federal or state program guidelines required that the LEA charge an employee's not see an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify	State programs mal separation

these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.
